## MIDNIGHT SUN RAFTING AND NIGHT IN THE WILDERNESS

Wednesday at 17:00

A warm summer day, birds chirping, water lapping and the amazing nightless night of Kuusamo all around you.

Come with us to spend a day in the embrace of Oulanga National Park. First, together with a professional skipper, we descend Kitkajoki's seven magnificent effervescent rapids on a rubber raft. After 13 kilometers, nature's own roller coaster calms down to Pohjantähti's wilderness camp, where you and your group will spend the next night.

Before working, it's time to choose where you want to sleep; in a tent, in a hammock or under the open sky? You decide! Working as a team together with a guide, you will heat up a traditional Finnish wood sauna and in addition a more special tent sauna. With the help of the guide, you prepare a delicious campfire dinner together and treat yourself to comfort. After eating, it's time to enjoy the gentle baths of the sauna. Don't forget to take a dip in the lake to cool off.

Time of day in the North at the summer can only be known by looking at the clock, so when evening comes, the guide says goodbye to your group for the night. Do you want to go for a midnight swim or kayaking trip, hike to admire the nightless night, try your luck in the fishy Juumajärvi or do you want to close your eyes and fall asleep to the soothing sounds of nature? Again, you decide.

When the morning comes, the guide arrives back at the camp and prepares a wilderness breakfast with you. After a delicious breakfast, we will take a car transfer back to the starting point in the heart of the Ruka village, the unforgettable experience of Kuusamo always lingering in your memories.
